Call for Papers

The Victorian Popular Fiction Association is dedicated to fostering interest in understudied popular writers, literary genres and other cultural forms, and to facilitating the production of publishable research and academic collaborations amongst scholars of the popular. Our annual conference is integral to this aim and brings together academics with interests in Victorian popular writing, culture and contexts. The conference has a reputation for offering a friendly and invigorating opportunity for academics at all levels of their careers, including postgraduate students, to meet, connect, and share their current research.

The organisers invite a broad, imaginative and interdisciplinary interpretation of the topic and its relation to any aspect of Victorian popular literature and culture which might address literal or metaphorical representations of the theme.
